

Quality Control Manager

Based in Naas, Co. Kildare Ashbourne Meats are seeking a Quality Control Manager for an exciting role as detailed below.

Reporting to the Technical Manager, the Quality Control Manager will work in a team ensuring that the factory maintains its high level of quality and food safety through a process of data collection and monitoring. The successful candidate will ensure compliance with all applicable regulatory requirements.

As part of the role the successful candidate will maintain and support the Environmental operations and help in our companies drive for sustainable food production.

This is a fantastic role for someone looking to develop their career and main duties would involve:

- Maintaining the HACCP programme for the business
- Have a knowledge of BRC, Bord Bia and HACCP
- Be Self-motivated, able to investigate, question and follow through on issues
- Be able to manage own workload and work on initiative
- Previous experience in the meat industry and advantage
- Attention to detail and drive to ensure high standards are upheld
- Monthly, quarterly and annual environmental submissions
